Come on listen to me

C G/h Am Em
Everything is wrong And no one's there for you

F C Dm7 Dm7/g

For a new day

C Fj7
Come on listen to me sing a song for you

C Fj7
Even when you think You are so lonely

Am D/fis G4
Ain't no mountain high For you to climb on

C E
And if you're on the top Looking around

Am C7 F
And see all the things so small You will recognize

That life's so wonderful So don't feel blue
